Stephen, thanks for the update. I will check availability with our team. As indicted earlier, we would prefer to discuss the issues prior to having written comments, if possible. Jean

Hi Jean,

Currently, we're looking at last week of May for a conference call or in person meeting. EPA HQ and ADEQ are in the process of finalizing their comments and I anticipate several discussions with them during the comments matrix consolidation process.

Thanks,

Stephen,

I left you a voicemail to check on the scheduling of a meeting or conference call to discuss the results for the Arkwood Site. Could you please provide me with an update on the schedule? I believe we discussed possibly meeting in person in Dallas the week of May 11 or participating in a conference call the week of May 18.

Thanks,
Jean
